At our meeting with you on June 8, 1982, we discussed some preliminary planning for the new addition to the Central Intelligence Agency Headquarters Building Addition in McLean, Virginia.

At that meeting, the following was discussed:

1. Mr. Arthur J. Carlucci has been selected as Project Executive by the General Services Administration (GSA) for the addition.
2. As Project Executive, Mr. Carlucci would be responsible for the coordination of design and construction of the project.
3. Funds would be provided GSA to offset costs of personnel for the preplanning effort.

We are looking forward with enthusiasm to the design and construction of this addition to the Headquarters Building. Therefore as the project progresses, please call Mr. Carlucci at 282-7086 or Mr. Bernier at 472-4550 for further information.

Sincerely,

J. B. STEWART
